

## TOWN OF WOODSIDE

### ACCESSORY LIVING QUARTERS SURVEY

*What is this survey and why does Woodside need the information?*

The Town of Woodside requests that every homeowner/applicant that is constructing one or more accessory living quarters fill out the survey below on a volunteer basis. The survey will help the Town analyze the initial intended use for accessory living quarter, the proposed size, and potential rent price. The Town is trying to provide our best effort to track the affordability and intended use of the units in order to provide a required annual report on housing to the State Department of Housing and Community Development.

The Town does not intend to use any of the information to disrupt property owners and only intends to use the information to report Townwide statistics to the State. Statistics provided to the State will not be address specific.
